

DESCRIPTION

CGAxis HDRI Skies III is a collection of 100 full spherical HDR images. In it you will find panoramas of mountains, forests, desserts in different day times with different sun position. All images have high resolution: 10000 x 5000 px and are in 32-Bit High Dynamic Range file format and JPG file formats. This collection will be perfect for you if you are creating a scene, game environment or showcasing a model and wish to show it in various light conditions but in the same place. All images have enough brightness range to give you a sharp shadows.

SPECIFICATION

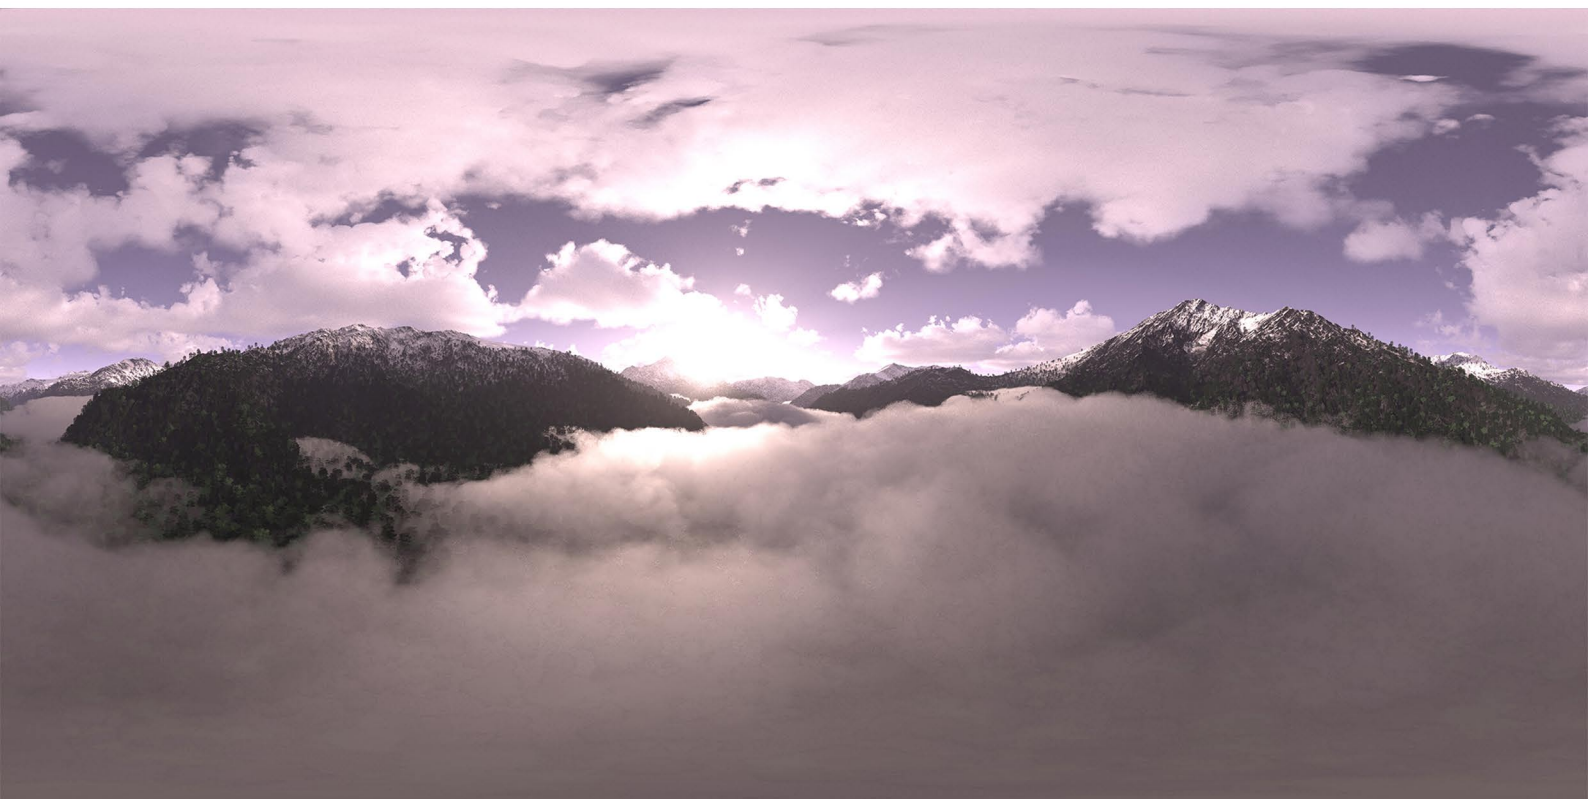

Total size: 12.4 GB
360 Spherical Maps
32-Bit Images
